## About Campus

Jayaprithvi Multiple Campus (JMC) was established on 1st Mansir, 2038 BS (1981 AD). It was inaugurated by Shanti Rajya Laxmi Devi Singh, the then queen of Bajhang at 10th Baisakh, 2039 BS along with the presence of the then king Deepak Jung Bahadur Singh, Gagan Jung Bahadur Singh and the founding campus chief Gajendra Bahadur Singh. It is situated in Jayaprithvi Municipality - 11, Bhopur, Bajhang, near the historic Bhopur Durbar and Satyavadi Secondary School. Similarly, it is around a kilometer faraway from Chainpur, the district headquarter of Bajhang towards the east beside the Chainpur - Taklakot Highway. It was named after the educationist, philosopher, activist, and humanitarian king, Jai Prithvi Bahadur Singh (Jayaprithvi Bahadur Singh), the National Hero of Nepal.

From its inception to 2074 BS, it was launched as a community-based public campus under Tribhuvan University (TU). Firstly, it had commenced its academic journey from Proficiency Certificate Level (PCL) i.e. Inter of Arts (IA) under the Faculty of Humanities and Social Sciences. This PCL journey remained singly continued over 16 years (up to 2054 BS) from its

establishment. To pursue their first university degree, students from Bajhang and neighboring districts (Bajura, Achham, Dadeldhura, Baitadi, and Darchulla) enrolled here since it was the only higher-level academic institution in the Hilly areas of the then Far Western Development Region.

Furthermore, the campus authority would be able to launch a Bachelor's Degree (BA) from 2054 BS along with the existing PCL degree up to 2061 BS. After that, to fulfill the diverse academic needs of the students, its authority instigated +2 in Education, Humanities, and Commerce streams in place of PCL and Bachelor of Arts (BA), Bachelor of Education (B.Ed.), Bachelor of Business Studies (BBS) and Master of Arts (MA) one after another. However, because of the government policy, the +2 degree no longer existed within the campus. Later on, after the Senate, Far West University (FWU) proposed that JMC be adjusted as a constituent campus in 2070 BS, and its academic trajectory from the community-based public campus (TU) to a government-based constituent campus under FWU had been shifted by 2075 BS onwards. It was a historic academic shift for its people, students, affiliated faculty members, non-teaching staff, and stakeholders as a whole. After becoming the constituent campus, it has been launching various academic programs like B.Ed, BBS, and BA at the undergraduate level and MDS and M.Ed at the Graduate Level through semester-based academic provision. Frankly to say, along with its constituent journey in the district, remote dwellers, poor people, Dalits, Janajatis, girls, women, and those who want to gain higher education in their locality have become happier and more accessible than ever. Being it is the leading higher academic institution in Bajhang, it has been endeavoring immensely to ensure the academic integrity, quality education, and harmonious development of the students.

### **Message from Campus Chief**

Dear students, guardians, and well-wishers, it is my pleasure and privilege to welcome you all to Jayaprithvi Multiple Campus (JMC), a pioneer leading academic institution of Bajhang established in 2037 BS. As you know, it has been contributing to our community by producing qualified human resources like teachers, civil servants, social workers, bankers, business workers, journalists, politicians, etc. over many years. I hope our service delivery will continue until the existence of this institution.

Being JMC the historic institution, it has so many responsibilities to have conducted in the days to come too. Therefore, I would like to

request all the JMC families to work out for the betterment of the future careers of the students and the community as a whole. You know, our campus is situated in a remote area and has been facing lots of challenges over many years. However, we are trying to tackle the problems by welcoming the opportunities and possibilities in the days to come. I hope all the faculties, non-teaching staff, students, and guardians may support us in fulfilling our motto 'Quality Education for Quality Life'. Let's work together for our common agendas, issues, and future destinations.

**Mr. Dirgha Raj Pandit**  
JMC

### **Message from former Campus Chief**

Firstly, I would like to acknowledge to those historic people who endeavored to establish this institution in Bajhang. Because of their efforts, I think, people from the remote community would be able to get higher education in their locality. Now, it is our time to sustain its historic past and develop it as per the demands of the 21st century. I hope for its betterment, we, all the JMC family may use our combined efforts and strategies in the days to come as in the past too. I think the students are supposed as the key factors of any academic institution. In our case as well, our main motto should be oriented

toward our students' career development. For the same, our faculty members and non-teaching staff need to be responsible. Finally, I hope, everything may go well for our academic, professional, and institutional development.

**Mr. Mohan Raj Upadhyay**  
JMC

### **Message from President**

#### **University Teachers' Association, JMC Unit**

Jaya Prithvi Multiple Campus has been operating higher education academic activities for more than four decades in the remote area since its establishment in 2038 B.S. The long academic journey of this leading institution has immense contribution to producing competent human resources in the diverse field of the labor market. It is dedicated to expanding and strengthening its academic programs, building up a conducive teaching-learning environment, creating opportunities for research and innovation, and making it an esteemed destination of learning. It is a government-funded constituent campus of Far West University committed to providing a wide-ranging spectrum of disciplines in academic programs. The dynamic and creative faculties inspire the students to excel in every sphere of human knowledge. Therefore, I earnestly request the students and parents to prefer our campus for the academic target to ensure a forthcoming professional career.

Thank you!

**Mr. Bhanu Bhakta Joshi**

### **Message from the Coordinator**

#### **Research Management Cell (RMC)**

Pleased to share this message on behalf of the Research Management Cell (RMC) at JMC. As you know, JMC is the leading academic institution in Bajhang; accordingly, it has been contributing to the development of its people for many years. I think, its responsibilities have been ascended along with its shifting trajectory from public to constituent institution. One thing, for the accomplishment of the motto 'Quality Education for Quality Life', we need to work out and implement the same comprehensively. However, it may depend on our devotion, enthusiasm, delivery, and punctuality. Frankly, to say, RMC proposes research, knowledge production, and its imparting necessarily within an academic institution. In our campus, it has the same provision too. Under it, we have launched a few workshops, seminars, and virtual meetings up to now. I think we need to expand its scope and arena and work out more for the faculty's professional development. Moreover, it would be better if it could explore the classroom issues related to the students as well. Finally, I hope, RMC will organize the various academic programs in the days to come.

Thank you!

**Mr. Lal Bahadur Bohara**

First of all, I would like to express my gratitude to the teaching and non-teaching staff, students, guardians, and other stakeholders on behalf of the Department of Teaching Practice. As you know, this department regulates the process of teaching practice (practicum) of the students. According to the academic calendar, the practicum of under-graduates and graduates happens in the 8th and 4th semesters respectively. For this process, there are certain rules and regulations under which we need to operate our students' practicum. Being it is an entirely practical task; the students can gain many ideas about teaching and learning in the classroom. Finally, I hope your academic career will be as successful as you wish.
